

1

Focus on that
which is positive
and of faith.

-The strategy of Satan is to bombard us with bad news, and overwhelm our senses. First it begins by what we hear, but eventually, if we are not careful, we begin to repeat it.

-The scripture in Philippians reminds us to rejoice always. But to do that. We have to be intentional. We must close off the sources of negativity and deception and focus intently on that which will feed our spirit.

Philippians 4:8-9

*He's been
Faithful*

2

Remember God's
acts of
faithfulness.

-We've seen God's faithfulness in
greater ways this year through the
challenges we've endured.

-He has poured out creativity,
resources, unity, and vision this year.
His grace and favor is evident in this
house and in your life.

Psalms 103:1-5

*He's been
Faithful*

3

Seek unity and fellowship with believers.

-This has certainly been a tough year. But one of the most important keys to rejoice during trials is to choose wisely those to walk the journey with.

-Jesus built the church and gave us a model. 12 friends with Jesus at the head. The church has gone through the centuries and has survived every type of trial – persecution, plagues, famines, wars, because the bond of faith of believers is held together by the unbreakable power of the Holy Spirit.

Ephesians 4:3, Proverbs 17:17
