Partnership is a two-way street.

God says, if you will worship me, serve me only, I will meet your needs and take away your sickness.

-Each side of the partnership gives and each benefits from it.

-We partner with both God and the church.

-Those of us who have "partnered" with Christ and His body can attest to this!

Exodus 23:24-27, 1 Corinthians 1:9, Philippians 1:4-6, Philippians 4:19

2

Partnership requires sacrifice.

-We partner with God through prayer and worship, service, and giving. Each requires sacrifice.

-Partnership has the connotation (implied meaning) of ownership, or buy-in.

God will not move in our community without our partnership. He is looking for someone who is faithful (2 Chronicles 16:9).

We don't ask for equal giving, but equal sacrifice. God wants your heart, not what you can bring to the table.

Philippians 4:18

Partnership With God

3

Partnership with
God requires
relationship.

-Everything God does is out of
relationship.

Jesus partnered with the father to win
themselves a family.

-God wants to partner with you but it
begins with relationships with Him and
other believers.

-Relationship begins you coming to
Jesus.

John 15:5, John 15:9-16
