Spirit-filled Christians are the biggest threat to Satan's antichrist agenda.

-There has been a plan in effect from Satan to cause for legislation to oppose believers and to ban the worship of the real God.

-There is a plan to codify evil into good and good into evil.

-Christians, and especially spiritual-filled believers are being demonized in the media. We are what keeps his Agenda from advancing. The spirit of the Antichrist is loose in America.

It's time for
Christians to
stand.

-Standing means trusting the whole counsel of the word and the prophets.

-Those who do not absorb and believe the promises of God are being bullied and are under much stress.

-It's time to stop being double-minded.

-It's time to seek God's perfect will.

-Only those who are plugged into God continually have perpetual peace.

Isaiah 26:3, Daniel 3:19-25

If we stand, God will give great favor to the Church.

-There is a window afforded to America for it to return to fearing God.

-Victories are on the horizon which are going to embolden us to continue to pursue our enemies.

-We need to stand, even in the face of persecution, for the "fourth man" will be with us and deliver us. In doing so, great favor will come for the Church to impact our nation and save many souls in the process.

Daniel 3:26-30
