

1

God is in
control.

Worth The Wait

-Some of us are stressed about the now. But God can move in the past, present, and future. He has a plan that factors present circumstances which will bless you.

-You need to be made perfect in his love. Perfect love casts out fear.

-God is using present events to prepare us for the future.

-You need to live in his presence. His Kingdom is righteousness, peace, and joy in the Holy Ghost.

Revelation 1:8, Romans 14:17,
Daniel 11:32

2

Church is no longer in apathy.

Worth The Wait

-We have sat back; we have slept while the enemy ransacked our nation. We had no clue that he was indoctrinating our schools at all levels, infiltrating every public arena, and trying to remove every trace of the undeniable fact that America was founded by Christians and for the propagation of the Gospel.

-God is awakening the church. His light is shining and will expose the darkness in us and in the public square.

-God has been warning his people to awaken.

Romans 11:13-14, Luke 8:17

3

It is time to
draw close to
God.

-You have a choice today to draw closer. As you do, the world and its lies have no effect on you.

-As the world is getting darker, Jesus and his church are shining brighter.

-God is building a church, like the ark, in preparation for the end times in order to save all who take refuge in the ark.

-We await Jesus' return. It is worth the wait.

Revelation 22:17, 1 John 2:17,
John 6:67-69, Genesis 6:11-12,
Hebrews 11:7, Titus 2:11-13
