POINT #1

Here is the process when we have a situation like this: it starts with SHOCK. This makes us turn to God. Then peace in the waiting comes, overcoming faith is injected, and finally victory is manifested.

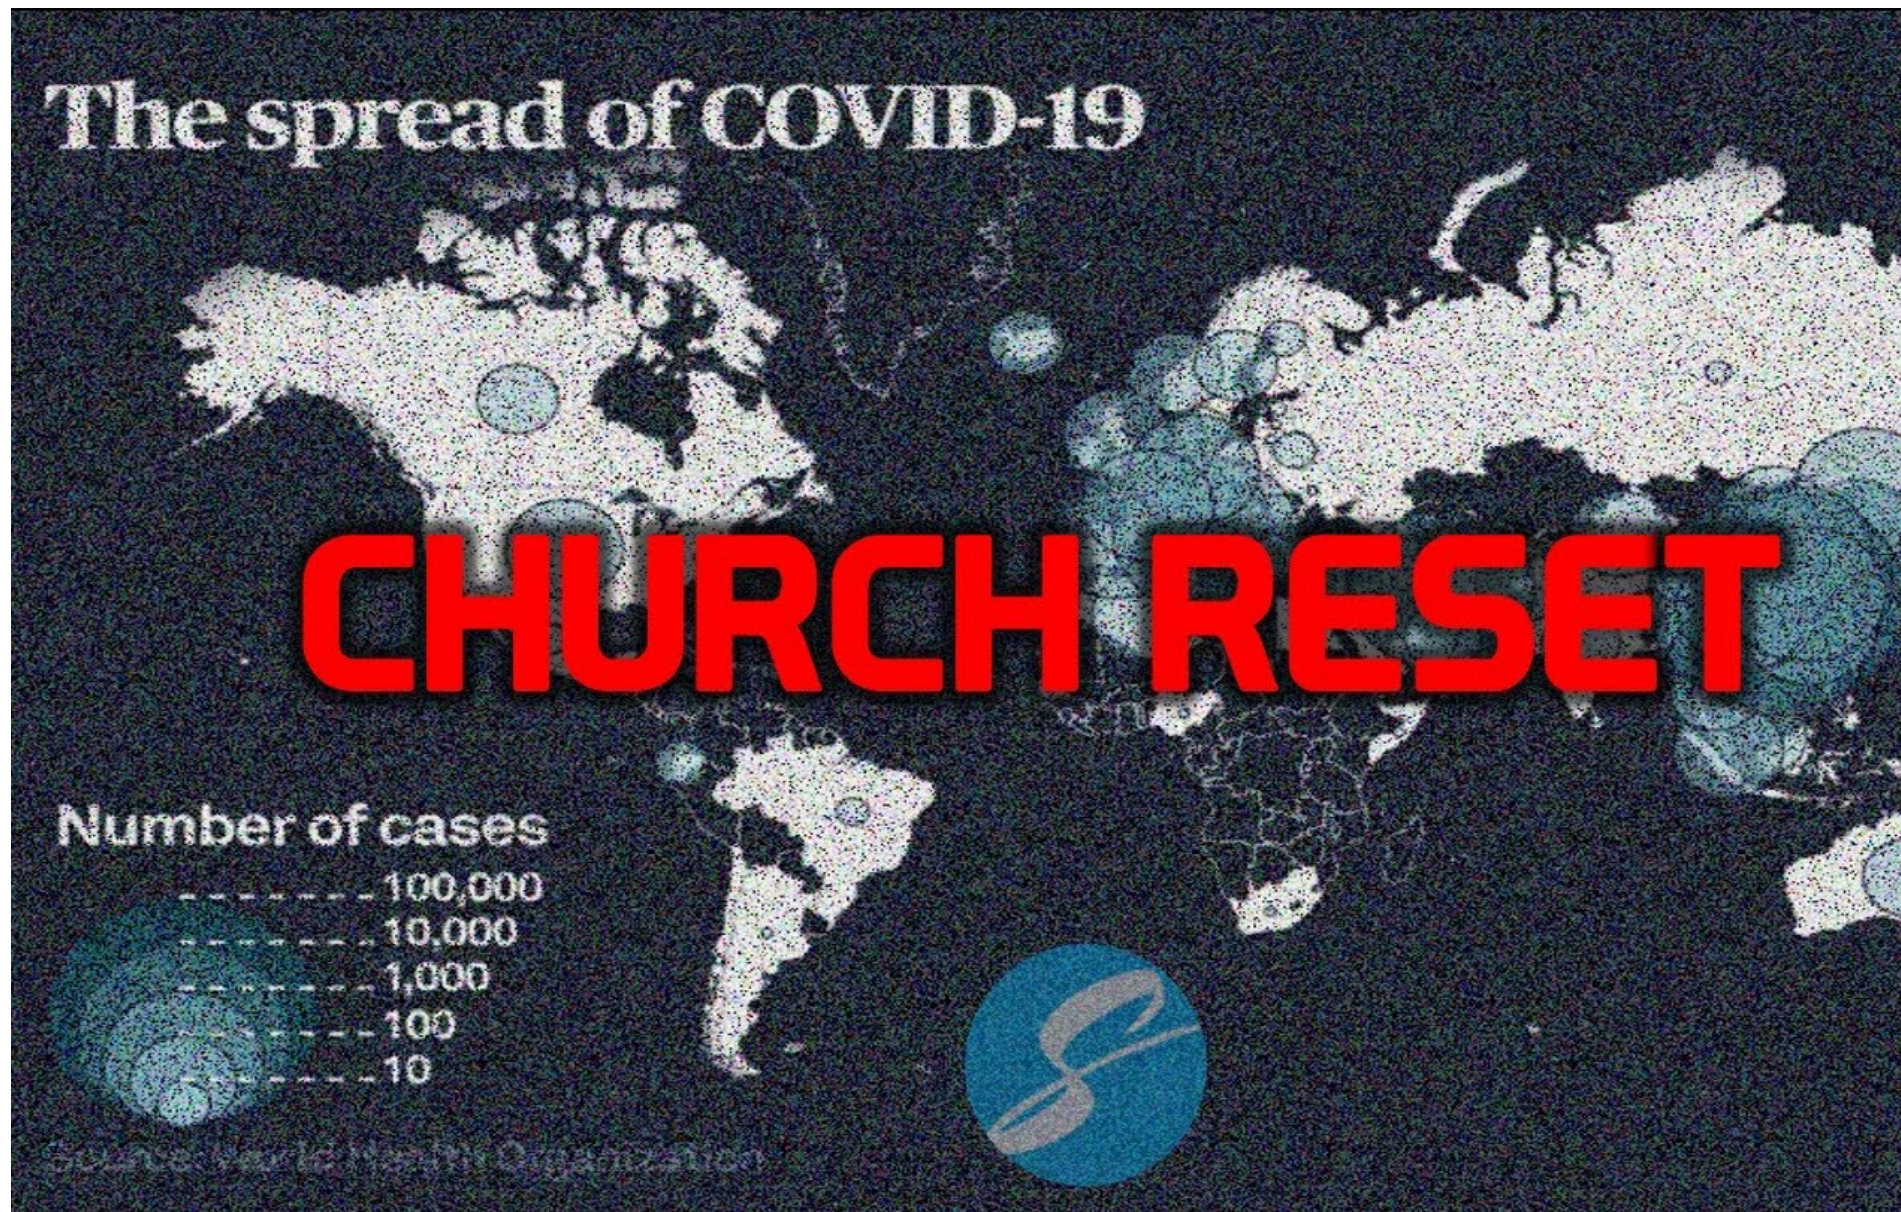

POINT #2

God is saying through his prophets that as fast as this virus came, it is going to die down.

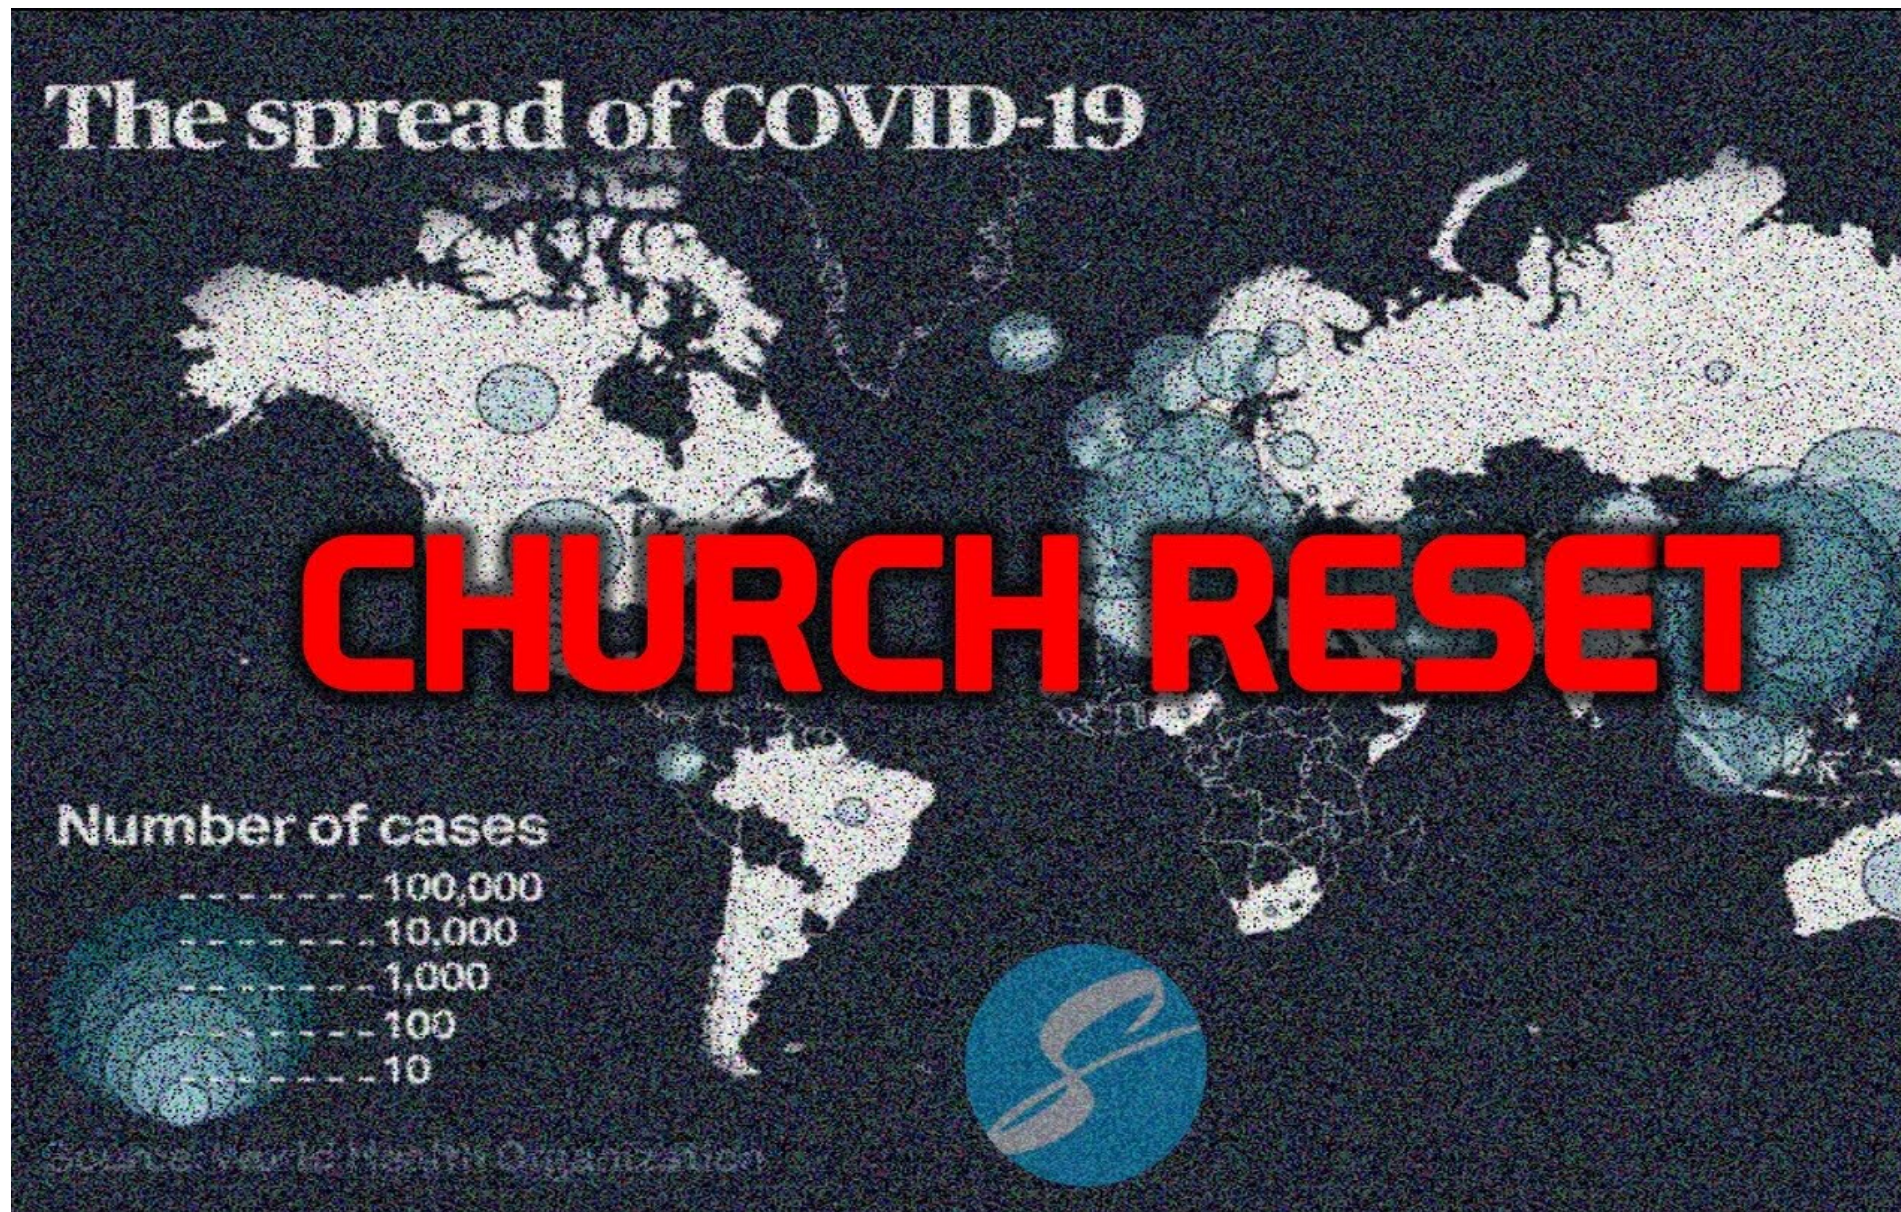

POINT #3

God is resetting the church. I am seeing a renewed desire to learn and eat the Word of God.

POINT #4

This is a time for you to get connected into the body and for you to reach out to those around you. Look for those who are going through difficulty because of their loss of income, or due to sickness, or because they are alone. Make it a point to love on them.

POINT #5

This is an event that is going to define this generation. They are realizing that everything they thought they had control over can easily fail. They are going to learn to cling to the Rock of Ages, to Jesus Christ. He is immovable. He is all powerful. His plan is still in affect and he is going to return for His church.

He is training this generation for war.
