What I see.

-If we are going to make improvements in our relationships, we must learn to be honest.

-Peter found himself tired and hungry, and the tiredness won out. But for me it's the opposite, if I'm tired and hungry, hunger wins.

-Sometimes God offers us something we need, but in our arrogance, we decline.

2 Corinthians 5:17

2

What you see.

- Sometimes in life, we see what we want to see, but other times, God shows us what he wants us to see.
- Your purpose matter to God, not your position.
- God always wants the best for us.

Proverbs 3:5-6

What God Sees

- We must go with God.
- We must be about God's work and see people through His eyes.
- What does God see? "Whereas man looks on the outward, I God look upon the heart."
